Objective

I'm interested in web development and my goal is to become a professional in this field. I aim to work on real projects that help me improve my skills and gain more practical experience.

Projects

CS50 Final Project | Furniture Sales Website
- Developed a furniture sales website using Flask, HTML, CSS, and JavaScript.
- Designed the front-end pages and implemented back-end logic with Flask.
- Worked on adding and managing products through a database
- Focused on creating a clean design and improving full-stack development skills.

Education

EELU, Faculty of Computers and Information Technology

- Bachelor's Degree, Major: Computer Science

- Expected Graduation: 2028

Skills & abilities

- Web Design and Development
- Problem solving
- HTML, CSS, and Basic JavaScript
- Leadership
- **Office Tools:** Microsoft Word, Microsoft Excel
- Python
- SQL

Courses & Certificates

- CS50's Introduction to Computer Science – Harvard University (edX) & Information Technology Institute (ITI) 2025
  - Learned programming fundamentals using C, Python, SQL, and web technologies.
  - Built a full web project using Flask as the final project.
- Learn HTML & CSS – MaharaTech (ITI Platform)
  - Learned the basics of web structure and styling using HTML and CSS.
  - Created responsive and visually appealing web pages.
  - Improved design skills and understanding of front-end.
