SUMMARY

Front-End Web Developer specializing in responsive, high-performance web applications built with clean, accessible, and maintainable code. Skilled in modern frameworks that turn UI/UX designs into polished user experiences.

SKILLS

- **Front-End Development:** HTML5, CSS3, JavaScript, React
- **Programming Languages:** Java, Python, C
- **Databases:** SQL
- **UI/UX:** Figma, UI/UX Design Fundamentals
- **Tools:** VS Code, CodeSandbox, Microsoft Word, Microsoft Excel, Git, GitHub
- **Professional Skills:** Problem Solving, Leadership, Teamwork, Communication

Experience

EELU Aswan Student Branch — Team Member

Student Activities [Dec 2024 – May 2025]

- Delivered technical sessions on Web Development concepts.

PROJECTS

Homora – *Flask, Python, HTML5, CSS3, JavaScript, Bootstrap, SQLite*

- Developed a responsive furniture e-commerce application using Flask and Jinja2.

Integrated SQLite, dynamic product pages, and shopping cart functionality.

CineRate – *SQL, MySQL*

- Designed a relational database for movies, users, ratings, and reviews.
- Implemented SQL queries and database constraints to ensure data integrity.

Health Empire – *HTML5, CSS3, JavaScript*

- Developed a responsive healthcare platform for browsing doctors, coaches, and services.
- Implemented authentication, shopping cart, payment, and service-tracking features.

FIFA World Cup Data Intelligence – *SQL Server, Python, Pandas, NumPy, React, Vite*

- Designed a relational database with 17 tables and 37 relationships, developing 32 analytical SQL queries.
- Built Python data-cleaning and validation workflows and interactive React dashboards to analyze FIFA World Cup data.

EDUCATION

EELU, Faculty of Computers and Information Technology Expected Graduation: 2028

- Bachelor's Degree, Major: Computer Science

COURSES & CERTIFICATES

- CS50 — Harvard University (edX).
- Front-End Web Development & Freelance Bootcamp — TIEC.
- Learn HTML & CSS — MaharaTech (ITI).
- UI/UX Design Masterclass with Adobe XD — Udemy.
- Associate Data Analyst in SQL — DataCamp.
